

ASPBAE launches 50th anniversary poster in Lao PDR

DVV's Heribert Hinzen and ASPBAE's Medha Soni launch the ASPBAE poster commemorating its 50th anniversary

ASPBAE launched a poster commemorating its 50th anniversary to take place in 2014. It was launched in Vientiane, Laos, on 30 September 2013.

The poster is a series of communication tools ASPBAE is launching in the lead up to its 50 year celebrations. While depicting key words that capture its work, themes, and focus areas, the poster also highlights all of ASPBAE's member countries as they jointly move towards defining a collaborative vision and education agenda in a post-2015 world.

The theme for the 50th year is *ASPBAE at 50: Daring to Persist - Transforming Lives with Lifelong Learning*. Watch this space for more as ASPBAE continues to unfurl a series of events and communication initiatives to commemorate its golden anniversary.
